PROCEEDINGS OF CONGRESS.

Report from the Committee on Finance of a bill withholding from the States the fourth instalment of the surplus revenue—appointment of the Committees.

In the Senate on Monday, Mr. Wright from the Committee on Finance reported a bill providing for the withholding of the October instalment of the surplus revenue. It was read once and laid on the table.

Mr Webster expressed his dissent from the report of the majority, and gave notice that he should oppose it.

In the House the standing Committees were announced. [We have not room for them this morning.] Cambreleng is again Chairman of the Committee of Ways and Means 7 Van Buren men and 2 Whigs compose it. That part of the President's message relating to the Finances was referred to this Committee.

F O J. Smith, introduced a resolution confining the action of the House to the express objects for which it was called together. It lies one day.

An animated debate arose on the question of call upon the Secretary of the Treasury, relative to his offer to pay the members of Congress in specie. The resolution was adopted.

ITEMS.

The rumor that Mr. Calhoun has gone over to the administration gains strength. Duff Green's paper says as much.

The American Exchange Company of New York which is issuing bills payable anywhere and everywhere, even "down east in the State of Maine," is one of the biggest bubbles that remains unbursted. When it does "go off," we shall probably hear the report.

The Cholera has broken out in Central America and rages with great violence. Many towns have lost two thirds of their inhabitants. In St. Salvador, 1900 persons died in 19 days, and at Sonsonate, 1200 in 21 days. To add to this calamity, the Indians had risen upon the whites alleging that they had poisoned the water.

The Boston Atlas gives returns from 59 towns in this State on Wednesday morning, having received them *by Express* from Augusta, on Tuesday night!

The Eastern Argus says, Mr. Parks is *probably* elected by a small majority. The Argus must take even this *gentle roar* back, or we shall take the trouble to hunt up some of its predictions before the election.

A Mr. Stanley of Jackson (Mi.) was lately dragged out of his bed in the night, and had his ears cut off, besides suffering divers other corporeal outrages.

The remnant of the Seneca tribe of Indians resident in the western part of New York, have come out with a protest against emigrating to the west of the Mississippi. They say it would be violating a fundamental law of the Six Nations.

The corner stone of a new City Hall was laid at Salem on Monday last, it being the 209th anniversary of the landing of Gov. Endicott in that town.

The paper mill of Mr. Buddington, at Hotchkisstown, near New Haven was burnt down on Saturday night last, Loss 8 or 9,000 dollars.

Said the Albany Argus on Saturday last, "We venture to predict that a rout more signal and overwhelming than ever before overtook federal Biggery in Maine awaits them at the coming election."

The Chamber of Commerce of New York has forwarded a petition to Congress for a renewal of a National Bank. One petition has already been presented from New Orleans, and the subject must be brought before both Houses.

Ezra Watson has been appointed City Marshall of Boston in place of Daniel Parkman, resigned.

Military Parade and Insubordination. The Independent Companies of the Boston Militia, with an Artillery Company from Charlestown, paraded yesterday on the Common for inspection and review. The Companies were full and in fine condition, and it was anticipated that the corps when embodied would present the finest military display which has been seen here for some years. The interest in the occasion, however, was destroyed by an act of insubordination, which we fear has fatally blighted the hopes of those who anticipated a speedy revival of the standing and importance of the militia in this Commonwealth. In consequence of dissaffection which had been entertained by the members of a part of the companies, at the chartering of a recent company called the Montgomery guards, consisting chiefly of naturalized and native citizens, Irishmen and descendants of Irishmen which company was incorporated with the Brigade, and was consequently ordered on duty on this occasion, as soon as this company came into the line, the members of one of the companies, with a few exceptions, cashiered their officers, and left the field. The companies were the City Guards, the Lafayette Guards, the Washington Light Infantry, the Mechanic Riflemen, and the Fusiliers. What reliance can be placed on citizen soldiers, enrolled for preserving order and enforcing the law, on so flimsy a pretext as dislike of a part of the troops who are ordered to serve with them in the same duty, they will, with one accord, abandon their fire and their place. This conduct has caused great regret to all friends of the militia.

We are sorry to have occasion [illegible] disgraceful event [illegible] Montgomery Guards left [illegible] followed and [illegible] of persons from those who composed the military companies, and were [illegible] on their march by [illegible]. We trust that a vigorous inquiry will be made into this outrage, and that it will not be suffered to go unpunished. [Boston Daily Advertiser.

The Rev. Mr. Lovejoy, publisher of the Observer, whose printing office was recently destroyed by a mob, has published an extra, which he declares his intention to carry his paper, come what [illegible]

OBEY OR RESIGN.

The approaching session of Congress will afford a fine opportunity to test the principles of the Tories by their practices. "*Obey or resign,*" were the words sung from the lips of every tory brawler, and from the sheets of every tory press, whenever it was perceived a Senator held his seat while a majority of the people of his State were opposed to his political principles. There are now said to be nine Senators in that branch of the National Legislature, who were elected as tories and now represent Whig States. We hope such will live up to the professions of their party and obey or resign! Their conduct will test the sincerity of those professions by which they have raised themselves and humbugged the people into the belief that they were the people's friends. Let the word go round "*obey or resign!*" [N. H. Statesman.

"OBEY OR RESIGN," Messrs Ruggles and Williams. Ye profess to regard as binding, the voice of the people. Ye say the Representative should conform to the will of his constituents, or give back the trust confided. Let us see if ye will practice as ye preach. (Ed Whig.

A good old lady, in speaking of one of her grand children who had been married for some time, said they must now be perfectly *independent*; "for," continued she, "they have a snug little baby and a fine pig."

MORISON'S PILLS!!!

F. & I. S. WHITMAN, Agents, *Bangor*

THE friends of Hygeianism and the public generally, are again cautioned against the unprincipled attempts of apothecaries and quack doctors to destroy all confidence in these highly valuable and almost indispensable family medicines, by the cry of imposition' exorbitant prices' falsehood' and more than all, by the astonishing benevolence of the craft in imparting to the world their wonderful discovery of the composition of them that a three dollar packet costs but one shilling that any person can make them, etc. Commercialters also beware of the law The British College of Health have recently recovered damages of the makers and venders of a spurious, dangerous article, in the courts of Massachusetts and New York, and their exclusive right and property in the sale, is firmly established and confirmed in this country

Two hundred thousand dollars worth of these simple and effective medicines are sold annually in the United States and injury from them is unheard of One cause of the high price they bear, is a heavy export duty paid in England, yet they are incomparably cheaper than any patent medicines ever offered, saving, as they do, expensive and protracted fits of sickness

The genuine article cannot be bought of apothecaries, travellers, or pedlars, they being denied the sale throughout the world. The only place in this section where they can be had, is at the store of F & I S WHITMAN, Bangor, (whose signature is labelled on every packet they sell) where may be seen printed reports of recent trials, certificates of cures etc Subscriptions received to the Family Adviser and Hygeian Record, a paper published at New York at $1 per annum nov 19
